☐ List of relatives with addresses and telephone numbers
☐ 

Money
☐ Cash
☐ Checkbook
☐ Credit Cards
☐ 

Don’t forget about your pets!

If an emergency occurs and your family is asked to leave home temporarily, you may not have much time to assemble needed items. You and your family will be better prepared if you gather items in advance. Assemble them in a transportable container or bag and keep them in a location the whole family can access. Make sure all family members know where the supplies are located.

OTHER THINGS YOU CAN DO TO HELP PREPARE FOR AN EMERGENCY INCLUDE:
- Keep at least one vehicle in good running order.
- Put important papers in a safe place. This includes copies of credit cards, birth certificates, passports, titles & deeds, lists of medications & their dosage, etc.
- If you have special evacuation assistance or transportation needs in an emergency, please call your county emergency management office.
- Sign up for CodeRED emergency notifications through your county Emergency Management website.

PREPARATION:
Preparation is the key to emergency readiness. Assemble supplies your family will need in advance.
