

Energy Northwest 401(k) Deferred Compensation Plan Features and Highlights

Read these highlights to learn more about your Plan. If there are any discrepancies between this document and the Plan Document, the Plan Document will govern.

About the 401(k) Plan

A 401(k) plan is a retirement savings plan designed to allow eligible employees to supplement any existing retirement and pension benefits by saving and investing through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn.

Eligibility Requirements

To enroll in the Plan, employees must meet the following criteria:

- No age requirement
- No service requirement

Eligible employees may enroll immediately.

Please contact your Plan Administrator for information regarding excluded employees.

Enrollment

You may enroll by using the online enrollment option available at empowermyretirement.com.

Contribution Limits

In 2019, the combined employee contribution amount is between 1% and 100% of your compensation or \$19,000.00, whichever is less. The Plan allows the following types of contributions:

- EE Pre-Tax Election

Participants turning age 50 or older in 2019, may contribute an additional \$6,000.00.

- Roth Election

The Roth option will give you the flexibility to designate all or part of your 401(k) elective deferrals as Roth contributions.

Roth contributions are made with after-tax dollars, as opposed to the pre-tax dollars you contribute to a traditional 401(k). In other words, with the Roth option, you've already paid taxes on money you contribute. With the traditional 401(k), your contribution is made on a pre-tax basis and you pay taxes only when you take a distribution.

Employer Contributions

Discretionary Match

Your plan provides for a match of 50% on the first 7% of compensation for regular Non-Bargaining Unit Employees.

Vesting Schedule

Vesting refers to the percentage of your account you are entitled to receive upon the occurrence of a distributable event. The value of your contributions to the Plan and any earnings they generate are always 100% vested (including rollovers from previous employers).

The employer discretionary match contribution is immediately 100% vested.
