

COVID-19 guidance for Refueling and Maintenance Outage 25 workers

Complete the COVID-19 site access screening checklist daily prior to on-site arrival.

PART I		
Yes	No	
		In the last 14 days, has the employee tested positive due COVID-19 OR waiting on test results for COVID-19 due to exhibiting symptoms <i>*Discretionary testing or antibody testing is not applicable to this question.</i>
Within the last 72 hours have you, or a person you have CLOSE daily contact with (spouse, resident parents, children) displayed any of the following symptoms?		
Yes	No	Symptom
		Fever (100.4°F) or higher
		Deep Persistent Cough (respiratory aggravation / distress)
		Difficulty breathing (feeling “winded”; struggling to draw in full breath)
		New loss of taste or smell not attributed to other medical condition (allergies, cold)
If you answered YES to ANY question DO NOT REPORT TO WORK and call your supervisor and personal medical health professional.		
PART II		
Yes	No	Question
		In the last 14 days, to the best of your knowledge, have you had CLOSE* contact with someone who tested positive for COVID-19?
		In the last 14 days, to the best of your knowledge, have you had CLOSE* contact with someone who has been tested for COVID-19, the test results are not yet available, and the person had the symptoms of Part I at the time of the contact?
If you answered YES to ANY of these questions DO NOT REPORT TO WORK and call your supervisor and personal medical health professional.		

**CLOSE contact: Someone who was within 6 feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period* starting from 2 days before illness onset (or, for asymptomatic patients, 2 days prior to test specimen collection) until the time the patient is isolated.*

All employees supporting R-25 at Columbia Generating Station will be responsible for conducting a daily health screening and obtaining a health-screening wristband prior to commencing any inprocessing activity. After inprocessing, workers entering any EN facility will proceed to a self-scanning temperature station and verify their

temperature is less than 99.2 F, which is equivalent to 100.4 F under the tongue before proceeding to their final work location.

COVID-19 expected behaviors to reduce exposure on and off site.

Additional COVID-19 guidance

1. Follow state and CDC guidelines (coronavirus.wa.gov and cdc.gov)
2. Wear your mask when around others
3. Maintain 6 feet of distance away from others not in your household
4. Minimize social interactions with those outside your household
5. Utilize delivery and/or pick-up options at local stores and restaurants
6. Avoid room-sharing (highly recommended)
7. Avoid carpooling (highly recommended)
